

Provider Directory

Individual Plans (HMO)

This directory provides a list of AdventHealth Advantage Plans network providers.

This directory is for **Brevard, Flagler, Hardee, Highlands, Indian River, Orange, Osceola, Seminole** and **Volusia counties** in Florida.

For information about additional providers who participate in our network, please contact us or visit our website.

This directory is current as of **November 2, 2022.**

Providers' participation status is subject to change at any time. Some network providers may have been added or removed from our network after this directory was printed. For the most up-to-date list, please call us at **1-844-522-5279**. We're available weekdays from 8am to 6pm TTY/TDD users should call **1-800-955-8771**.

For information about alternative provider directory formats, please contact us or visit our website at **myAHplan.com**.

Health First Commercial Plans, Inc. is doing business under the name of AdventHealth Advantage Plans. AdventHealth Advantage Plans does not discriminate on the basis of race, color, national origin, disability, age, sex, gender identity, sexual orientation, or health status in the administration of the plan, including enrollment and benefit determinations.

Introduction

Welcome to AdventHealth Advantage Plans. We have designed this directory to provide you with valuable information about the health care providers participating with AdventHealth Advantage Plans.

Choosing a Primary Care Provider

We encourage you to choose your personal health care provider, known as a Primary Care Provider (PCP), from our network of local physicians and advanced practitioners. Primary care providers are family and general practitioners, internal medicine physicians, and pediatricians. The primary care provider coordinates all your medical care, including offering preventive care, ordering necessary laboratory, x-ray, and other routine diagnostic tests, arranging for hospital admissions, and working with specialists when medically necessary. Local participating providers are also most familiar with our plans and benefits.

All participating PCPs are on call 24 hours a day, 7 days a week. If you need urgent care after normal office hours, you may visit an urgent care or walk-in clinic.

We recommend you establish a relationship with your PCP and seek services from him or her before seeing a specialist. By becoming “established” with a PCP, you’ll be able to receive care in the event your provider no longer accepts new patients. Your PCP will help make sure you’re seeing the appropriate specialist and will keep track of all your medications to reduce the chance of any complications. Many times, your PCP will be able to get you an appointment with a specialist faster than if you tried on your own. We urge you to take advantage of the care coordination offered by PCPs to assist in managing your entire spectrum of care.

Specialty Care

There may be occasions when a medical service is needed that your primary care provider is unable to offer. AdventHealth Advantage Plans’ members have “open access” to see specialists without first obtaining a referral from their PCP. When treatment is required from a specialist, you may contact specialist offices to make appointments as necessary and pay the applicable cost share at the time services are rendered.

It’s important to note that while AdventHealth Advantage Plans does not require referrals for specialty care, some specialists still ask patients to get a PCP referral to ensure the proper care is provided and medical records are available.

For HMO members: If services are not available within our network, your PCP will coordinate approval with us and make arrangements for you to receive care outside the network. If you directly access care outside our network without a referral from your PCP and approval from AdventHealth Advantage Plans, you may be responsible for the entire cost.

More Information about Providers

Physician assistants, nurse practitioners, and others who are not licensed as physicians offer many medical services. These services are rendered in accordance with Florida regulations and may require the same cost-share as you would pay for seeing a physician.

Providers’ participation status is subject to change at any time. For the most up-to-date list, please call us at **1-844-522-5279**. Customer Service is available weekdays from 8am to 6pm.

Services That Require Prior Authorization

While AdventHealth Advantage Plans does not require a *referral* to see network specialists, there are certain services that require *prior authorization* whether you are an HMO or POS member. This ensures the right care is provided in the right setting. Local network providers have information on the services that require prior authorization from AdventHealth Advantage Plans and the steps required to obtain approval. Some examples of services that require prior authorization include MRI, PET, CT scans and nuclear cardiology studies.

You have the ultimate responsibility to notify your provider that authorization is required for these procedures. For more information on which procedures require prior authorization or how to obtain approval, please contact our Customer Service Department.

Emergency Services and Care

Your health is always our most important concern. In case of an emergency, go to the closest medical facility or call 911. AdventHealth Advantage Plans will provide coverage for any emergency medical condition, anywhere in the world. An emergency medical condition is defined as a medical condition manifesting itself by acute symptoms of sufficient severity, which may include severe pain or other acute symptoms, such that the absence of immediate medical attention could reasonably be expected to result in any of the following:

- serious jeopardy to the health of a patient, including a pregnant woman or fetus;
- serious impairment of bodily functions; or,
- serious dysfunction of any body organ or part.

During pregnancy, the condition may be considered an emergency when:

- there is inadequate time to safely transfer to another hospital prior to delivery;
- a transfer may pose a threat to the health and safety of the patient or the fetus; or,
- there is evidence of the onset and persistence of uterine contractions or rupture of the membranes.

AdventHealth Advantage Plans will provide emergency services and care that includes screening, examination, and evaluation by a physician, or to the extent permitted by applicable law, other appropriate personnel under the supervision of a physician to determine if an emergency medical condition exists and, if it does, the care, treatment, or surgery for a covered service by a physician necessary to relieve or eliminate the emergency medical condition, within the service capability of the medical facility.

Urgent or Walk-in Care

If you need care right away but your condition is not a true emergency, call your primary care provider (PCP) to coordinate your care. All primary care providers are on call 24 hours a day, 7 days a week. If your PCP cannot see you quickly enough, you can visit an urgent care or walk-in clinic.

Urgent care and walk-in providers can treat sinus and ear infections, colds, bronchitis, strep throat, pink eye, strains, minor burns, skin infections, rashes and cuts. Urgent care centers can also treat minor fractures and cuts that need stitches. Visiting an urgent care center or walk-in clinic instead of a hospital emergency department can often save you time and money.

Participating providers are listed in the ancillary section of this directory. Locations, phone numbers, and hours of local participating urgent and walk-in providers are also online at myAHplan.com. No appointment is needed.

Confidentiality

To safeguard your privacy, your personal health information is released only with your written consent or if required by law. To maintain the strict confidentiality of members' health information:

- AdventHealth Advantage Plans has confidentiality policies and procedures in place based on good practices and legal requirements.
- AdventHealth Advantage Plans requires facilities, providers and their medical record departments to keep members' records confidential.
- All AdventHealth Advantage Plans employees adhere to a confidentiality policy as well as adhere to Standards of Conduct that prohibit release of medical records.

Use of members' identifiable information

Identifiable information is data that may cause the member to be recognized or known. Examples of identifiable information include the member's name, address, and date of birth or social security number. At the time of enrollment, AdventHealth Advantage Plans members authorize AdventHealth Advantage Plans to use their member identifiable information for general treatment, coordination of care, quality assessment, utilization review, fraud detection, and accreditation purposes. If member identifiable information is to be used for any other purpose or shared with any other organization, AdventHealth Advantage Plans must obtain clear and specific consent from you, unless such release is mandated by law.

As an AdventHealth Advantage Plans' member, you have the right to . . .

- Review your health information as well as review which departments or agencies have access to your identifiable health information.
- Protect against unauthorized disclosure of identifiable health information.
- Approve the release of any identifiable information beyond AdventHealth Advantage Plans unless mandated by law.
- Give explicit consent prior to your employer having access to your identifiable health information unless mandated by law.
- Protect against release of any identifiable health information for the collection, use or sharing of data.
- Expect that all information used for research or performance measurement will be limited, in that all data will be de-identified or aggregated before release.
- Contact the AdventHealth Advantage Plans Compliance Officer to file a complaint or appeal if you feel that your health information was used without proper consent.

Provider Overview

This directory provides the following provider specific information:

- **Provider’s name and gender**
- **Specialty**—Visit [abms.org](https://www.abms.org) for an explanation of what body part or condition each type of specialist treats.
- **Hospital affiliations**—Indicates which hospital(s) have granted that provider privileges to see patients in their facility. If you want to use a particular hospital, it’s important to choose a provider who can see you there.
- **Medical group affiliations**—Indicates whether the provider is part of a group of providers.
- **Board certification**—To achieve and maintain board certification, physicians must complete an extensive process of specialty education and exams to demonstrate competency with the latest advances in medical science and technology in his or her specialty as well as best practices in patient safety, quality health care and creating a responsive patient-focused environment. To learn more, visit the American Board of Medical Specialties ([abms.org](https://www.abms.org)) or American Osteopathic Association ([osteopathic.org](https://www.osteopathic.org)).
- **Board eligible**—Indicates a provider whose boards have expired or those who are awaiting testing or test results.
- **Accepting new patients**—Indicates whether a provider will see new patients. If not, you must be an “established” patient to see this provider.
- **Languages spoken**—Indicates any language(s) the provider may speak other than English.
- **Office locations**—Includes street addresses and phone numbers.
- **Education and post graduate training**—If not already included within the provider listing you can locate this information through the following resources:
 - American Medical Association (AMA) “DoctorFinder” <https://apps.ama-assn.org/doctorfinder/search.do>;
 - Federation of State Medical Boards (FSMB) <https://www.docinfo.org/#!/search/query>;
 - or the Department of Health License verification site <https://apps.mqa.doh.state.fl.us/MQASearchServices/HealthCareProviders>

Participating physicians, hospitals and other health care providers are independent contractors and are neither agents nor employees of AdventHealth Advantage Plans. Although we make every effort to maintain this information as accurately as possible, the availability of any particular provider cannot be guaranteed, and provider network composition is subject to change. The provider directory is continually updated as information becomes available.

Providers in our network have undergone a thorough evaluation and verification of their education and credentials. Our providers submit their medical credentials (education, board certification, hospital privileges, etc.), and office information (group affiliation, address, phone, office hours, foreign languages spoken, etc.). AdventHealth Advantage Plans then verifies medical credentials directly with each corresponding organization and confirms office information with the provider’s office staff. After initial verification, this process is repeated every three years. The web-based directory is updated within five days of receipt of changes and the written version is updated quarterly.

AdventHealth Advantage Plans does not use quality, member experience or cost-related measures when selecting hospitals, ancillary services, and practitioners to participate in our Marketplace plans. We use the same criteria when approving any providers to participate in our networks, regardless of which plans they accept.

Visit Us on the Web

You can also see the latest version of this Provider Directory (as well as other health plan information) on our web site — myAHplan.com.

MAIL ORDER

If your plan includes prescription drug coverage, you can get your medication shipped to your home through our network mail order delivery service. Typically, you should expect to receive your prescription drugs 7 to 10 days from the time that the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please contact us or the pharmacy.
